#### I Definition of Terminology

- A. Wherever in this document, and attachments hereto, the terms "contract" and/or "agreement" are used to describe the conditions and covenants incumbent upon the parties hereto, these terms are interchangeable.
- B. <u>Definition of May, Shall and Should.</u> Whenever in this document the words "may," "shall" and "should" have been used, the following definitions apply: "may" is permissive; "shall" is mandatory; and "should" means desirable.

#### II Contract Supervision

The Director, Department of Behavioral Health, hereinafter referred to as Director, or designee, shall be the County employee authorized to represent the interests of the County in carrying out the terms and conditions of this contract. The Contractor shall provide, in writing, the names of the persons who are authorized to represent the Contractor in this agreement.

#### III Performance

- A. Contractor shall provide 352,000 minutes of rehabilitative mental health services and staff hours of outreach services under this agreement, which are further described in the attached Addendum, to all persons requesting services within the County area served by the Contractor.
- B. Services shall be provided in accordance with Attachment II, Outpatient Pre-Authorization Matrix, of this agreement.
- C. Compliance with Attachment II, Outpatient Pre-Authorization Matrix, will be monitored by the County of San Bernardino DBH Compliance Unit.
- D. Contractor shall obtain an approved Treatment Authorization Request (TAR) form from the DBH Access Unit prior to provision of any services not pre-authorized by Attachment II, Outpatient Pre-Authorization Matrix.
- E. Training regarding the contents and use of Attachment II, Outpatient Pre-Authorization Matrix, will be available upon request by the Contractor. Contractor

staff may request said training by calling the County of San Bernardino DBH Access Unit at (909) 387-7040.

#### F. State Performance Outcome Requirements

Contractor will comply with all State regulations regarding State Performance Outcomes measurement requirements and participate in the outcomes measurement process, as required by the State.

#### G. DBH Research and Evaluation Activities

The DBH Research and Evaluation Section (R&E) will collect important outcome information from targeted consumer groups and Contractor throughout the term of this agreement. R&E will notify the Contractor when its participation is required. The performance outcome measurement process will not be limited to survey instruments but will also include, as appropriate, client and staff interviews, chart reviews, and other methods of obtaining the information needed

#### H. Cultural Competency

The State Department of Mental Health mandates counties to develop and implement a Cultural Competency Plan for Medi-Cal beneficiaries. Policies and procedures and array of services must be culturally and linguistically appropriate. Contract agencies will be included in the implementation process and shall adhere to cultural competency requirements.

- The DBH shall make available technical assistance to Contractor regarding cultural competency requirements.
- 2. The Contractor will make an effort to gather demographic information on its service area for service planning.

- I. If, for any reason, information in the Addendum I and Attachment II conflicts with the basic agreement, then information in the Addendum I and Attachment II shall take precedence in the order noted.

#### IV Funding

- A. The maximum financial obligation of the County is limited by the available State and County funds for this agreement. The maximum financial obligation of the County under this agreement shall not exceed the sum of Five Hundred Fifty Nine Thousand Six Hundred Twenty Four Dollars (\$559,624), which represents the total of (1) the maximum County funding allocation to Contractor and (2) the Federal Short-Doyle/Medi-Cal funding allocation to Contractor.
- B. The maximum County funding allocation to Contractor for services furnished hereunder, unless adjusted downward as provided for in this agreement, is, Five Hundred Thirty Seven Thousand Six Hundred Eighty Four Dollars (\$537,684) which consists of Net County Funds in the amount of Five Hundred Fifteen Thousand Seven Hundred Forty-Four Dollars (\$515,744) and County/State portion of Short-Doyle Medi-Cal in the amount of Twenty One Thousand Nine Hundred Thirty Nine Dollars and Fifty Cents (\$21,939.50).
- C. The Federal Short-Doyle/Medi-Cal allocation to Contractor hereunder is Twenty One Thousand Nine Hundred Thirty Nine Dollars and Fifty Cents (\$21,939.50).
- D. If the Contractor determines that the initial allocation for the Federal Short-Doyle/Medi-Cal funding is inadequate, the Contractor may transfer funds from the Net County funding allocation to the Federal Short-Doyle/Medi-Cal allocation, with the prior written approval of the Director or designee.
- E. It is understood between the parties that the Schedule A, attached, is a budgetary guideline required by the State of California. However, the maximum financial obligation of County under this Agreement is limited by mode of service reported on Schedule A. Funds may not be transferred between modes of service without the

prior written approval of the Director or designee. The Contractor may submit a new Schedule A prior to April 15, 2004.

- F. Contractor agrees to accept a reduction of the dollar value of this contract, at the option of the County, if the annualized projected minutes of time for any mode of service based on claims submitted through February 2003, is less than 90% of the projected minutes of time for the modes of service as reported on Schedule A or as revised and approved by the Director in accordance with Article IV, Paragraph E., above.
- G. If the annualized projected minutes of time for rehabilitative mental health services and staff hours of outreach services based on claims submitted through February 2003 is greater than/or equal to 110% of the projected minutes of time for rehabilitative mental health services and staff hours of outreach services reported on Schedule A, or as revised and approved by the Director or designee in accordance with Article IV, Paragraph E., above, the County and Contractor agree to meet and discuss the possibility of renegotiating this agreement to accommodate the additional minutes of rehabilitative mental health services and staff hours of outreach services provided.
- H. If the Contractor provides services under the Short-Doyle/Medi-Cal program and if the Federal government reduces its participation in the Short-Doyle/Medi-Cal program, the County agrees to meet with Contractor to discuss the possibility of renegotiating the total minutes of time required by this agreement.

#### V Payment

- A. In accordance with State of California audit/reimbursement policies, the County agrees to compensate Contractor for actual costs incurred by Contractor or actual claimed costs incurred by Contractor in performing the services described by this agreement up to the maximum financial obligation, as described in Article IV Funding, and as limited by the State of California Schedule of Maximum Reimbursement Rates, latest edition.
- B. Such actual costs or actual claimed costs shall be determined by a post contract audit which is described in Article VII Final Settlement: Audit.

- C. Pending a final settlement between the parties based upon the post contract audit, it is agreed that the parties shall make a preliminary cash settlement within 30 days of the expiration date of this agreement as described in Article VI Preliminary Settlement: Cost Report.
- D. During the term of this agreement, the County shall make interim payments to Contractor on a monthly basis as follows:
  - 1. Reimbursement for Net County services provided by Contractor will be at the actual cost to Contractor in providing said services.
  - Reimbursement for Federal Short-Doyle/Medi-Cal services provided by Contractor will be at the rates set forth in Exhibit A attached hereto and incorporated hereto by reference.
- E. Contractor shall bill County monthly in arrears for Net County and Federal Short-Doyle/Medi-Cal services provided by Contractor on claim forms provided by County. All claims submitted shall clearly reflect all required information specified regarding the services for which claims are made. Each claim shall reflect any and all payments made to Contractor by, or on behalf of, patients. Claims for Reimbursement shall be completed and forwarded to County within ten days after the close of the month in which services were rendered. Within a reasonable period of time following receipt of a complete and correct monthly claim, County shall make payment in accordance with Article V, Paragraph D., above. Payment, however, for any mode of service covered hereunder, shall be limited to a maximum monthly amount, which amount shall be determined as noted in Article V, Paragraph E. 1., below.
  - No single monthly payment for combined Net County and Federal Short-Doyle/Medi-Cal services shall exceed one-twelfth (1/12) of the maximum combined Net County and initial Federal Short-Doyle/Medi-Cal allocations for the mode of service unless there have been payments of less than one-twelfth (1/12) of such amount for any prior month of the agreement. To the extent that there have been such lesser payments, then the remaining amount (s) may be used to pay monthly combined Net County and Federal Short-Doyle/Medi-Cal services claims which exceed one-twelfth (1/12) of the maximum combined Net County and initial Federal Short-Doyle/Medi-Cal

allocations for that mode of service. The maximum combined Net County and Federal Short-Doyle/Medi-Cal allocations for a particular mode of service are reflected in the Schedule A.

F. Contractor shall input Charge Data Invoices (C.D.I.'s) into the San Bernardino Information Management On-line Network (SIMON) by the fifth (5th) day of the month for the previous month's services. Contractor will be paid based on Medi-Cal claimed services in SIMON for the previous month, except for the first month's claim for reimbursement which will be paid at one-twelfth (1/12) of the Medi-Cal contract amount. Services cannot be billed by the County to Medi-Cal until they are input into SIMON. Other than the first month's services, the County will not fund services that are not entered into SIMON.

#### VI Preliminary Settlement: Cost Report

- A. Not later than 30 days after the expiration date or termination of this contract, unless otherwise notified by County, the Contractor shall provide the County Department of Behavioral Health with a complete and correct annual standard State of California Cost Report and a complete and correct State of California Cost Report for Short-Doyle/Medi-Cal services, when appropriate, except as noted in Article VI, Paragraph B., below.
- B. These cost reports shall be the basis upon which a preliminary settlement will be made between the parties to this agreement. In the event of termination of this contract by Contractor pursuant to Article VIII Duration and Termination, Paragraph C., the preliminary settlement will be based upon the actual minutes of rehabilitative mental health services and staff hours of outreach services which were provided by Contractor pursuant to this contract. The preliminary settlement shall not exceed Forty Six Thousand Six Hundred Thirty Five Dollars (\$46,635) multiplied by the actual number of months or portion thereof during which this contract was in effect.
- C. Notwithstanding Article VII Final Settlement: Audit, Paragraph E., County shall have the option:
  - To withhold payment, or any portion thereof, pending outcome of a termination audit to be conducted by County;

- 2. To withhold any sums due Contractor as a result of a preliminary cost settlement, pending outcome of a termination audit or similar determination regarding Contractor's indebtedness to County and to offset such withholdings as to any indebtedness to County.
- A. The cost of services rendered shall be adjusted to the lowest of the following:
  - 1. Actual costs;
  - 2. Actual Short-Doyle/Medi-Cal charges;
  - Maximum cost based upon the State of California Schedule of Maximum Reimbursement Rates for minutes of time provided for each service function; or,
  - 4. Maximum contract amount.
  - 5. In the event the Contractor fails to complete the cost report(s) when due, the County may, at its option, withhold any monetary settlements due the Contractor until the cost report(s) is(are) complete.
  - 6. Only the Director or designee may make exception to the requirement set forth in this Article VI, Paragraph A., above, by providing the Contractor written notice of the extension of the due date.
  - 7. If the Contractor does not submit the required cost report (s) when due and therefore no costs have been reported, the County may, at its option, request full payment of all funds paid Contractor under Article V Payment of this agreement. Contractor shall reimburse the full amount of all payments made by County to Contractor within a period of time to be determined by the Director.
  - 8. No claims for reimbursement will be accepted by the County after the cost report is submitted.

#### VII Final Settlement: Audit

- A. Contractor agrees to maintain and retain all appropriate service and financial records for a period of at least five years, or until audit findings are resolved, which ever is later. This is not to be construed to relieve Contractor of the obligations concerning retention of medical records as set forth in Article XVIII Medical Records, Paragraphs A. and B.
- B. Contractor agrees to furnish duly authorized representatives from County and State access to patient/client records and to disclose to State and County representatives all financial records necessary to review or audit contract services and to evaluate the cost, quality, appropriateness and timeliness of services. Said County or State representative shall provide a signed copy of a confidentiality statement similar to that provided for in Section 5328(e) of the Welfare and Institutions Code, when requesting access to any patient records. Contractor will retain said statement for its records.
- C. If the appropriate agency of the State of California, or the County, determines that all, or any part of, the payments made by County to Contractor pursuant hereto are not reimbursable in accordance with this agreement, said payments will be repaid by Contractor to County. In the event such payment is not made on demand, County may withhold monthly payment on Contractor's claims until such disallowances are paid by Contractor and/or County may terminate and/or indefinitely suspend this agreement immediately upon serving written notice to the Contractor.
- D. The eligibility determination and the fees charged to, and collected from, patients whose treatment is provided for hereunder may be audited periodically by County and the State Department of Mental Health.
- E. If a post contract audit finds that funds reimbursed to Contractor under this agreement were in excess of actual costs or in excess of claimed costs (depending upon State of California reimbursement/audit policies) of furnishing the services, or in excess of the State of California Schedule of Maximum Allowances or that funds were reimbursed to Contractor for services not authorized by Attachment II, Outpatient Pre-Authorization Matrix. The difference shall be reimbursed on demand by Contractor to County using one of the following methods, which shall be at the election of the County:

- 1. Payment of total.
- 2. Payment on a monthly schedule of reimbursement.
- 3. Credit on future claims.
- F. If the Contractor has been approved by the County to submit Short-Doyle/Medi-Cal claims, audit exceptions of Medi-Cal eligibility will be based on a statistically valid sample of Short-Doyle/Medi-Cal claims by mode of service for the fiscal year projected across all Short-Doyle/Medi-Cal claims by mode of service.
- G. If there is a conflict between a State of California audit of this agreement and a County audit of this agreement, the State audit shall take precedence.

#### VIII Duration and Termination

- A. The term of this agreement shall be from July 1, 2003, through June 30, 2004, inclusive.
- B. This agreement may be terminated immediately by the Director at any time if:
  - 1. The appropriate office of the State of California indicates that this agreement is not subject to reimbursement under law; or
  - 2. There are insufficient funds available to County; or
  - 3. The Contractor is found not to be in compliance with any or all of the terms of the following Articles of this agreement: XI Personnel, XII Licensing and Certification, or XXI Indemnification and Insurance.
- C. Either the Contractor or Director may terminate this agreement at any time for any reason or no reason by serving 30 days' written notice upon the other party.
- D. This agreement may be terminated at any time without 30 days' notice by the mutual written concurrence of both the Contractor and the Director.

#### IX Accountability - Revenue

- A. Total revenue collected pursuant to this agreement from fees collected for services rendered and/or claims for reimbursement from the County cannot exceed the cost of services delivered by the Contractor. In no event shall the amount reimbursed exceed the cost of delivering services.
- B. Charges for services to either patients or other responsible persons shall be at estimated actual costs.
- C. If this agreement is terminated, all revenue received from any source during the operative period of this agreement must be reported to the County until the Contractor has submitted its cost report in accordance with Article <u>VI Preliminary</u> <u>Settlement: Cost Report.</u>
- D. Under the terms and conditions of this agreement, where billing accounts have crossover Medicare and/or Insurance along with Medi-Cal, Contractor shall first bill Medicare and/or the applicable insurance, then provide to the DBH Business Office copies of Contractor's bill and the remittance advice (RA) that show that the bill was either paid or denied. The DBH Business Office, upon receipt of these two items, will proceed to have the remainder of the claim submitted to Medi-Cal. Without these two items the accounts with the crossover Medicare and/or Insurance along with Medi-Cal will not be billed. Contractor acknowledges that it is obligated to report all revenue received from any source, including Medicare revenue, in its monthly claim for reimbursement, pursuant to Article V Payment, and in its cost report in accordance with Article VI Preliminary Settlement: Cost Report.

## MENTAL HEALTH SYSTEMS PERSONAL SERVICES COORDINATION TEAM FY 2003-2004

### I. <u>DEFINITION OF RECOVERY, WELLNESS, AND DISCOVERY AND REHABILITATIVE</u> MENTAL HEALTH SERVICES

A. Mental Health Recovery, Wellness, and Discovery is an approach to helping the individual to live a healthy, satisfying, and hopeful life despite limitations and/or continuing effects caused by his or her mental illness. "Rehabilitation" is a strength-based approach to skills development that focuses on maximizing an individual's functioning. Services will support the individual in accomplishing his/her desired results. Program staffing should be multi-disciplinary and reflect the cultural, linguistic, ethnic, age, gender, sexual orientation and other social characteristics of the community which the program serves. Families. caregivers, human service agency personnel and other significant support persons should be encouraged to participate in the planning and implementation process in responding to the individual's needs and desires, and in facilitating the individual's choices and responsibilities. Programs may be designed to use both licensed and non-licensed personnel who are experienced in providing mental health services.

It is believed that all clients can recover, even if that recovery is not complete. The Recovery, Wellness, and Discovery approach involves collaborating with the client to facilitate hope and empowerment, with the goals of counteracting internal and external "stigma," improving self-esteem, encouraging client self-management of his/her life including making his/her own choices and decisions, re-integrating the client back into his/her community as a contributing member, and achieving a satisfying and fulfilling life.

#### II. DEFINITION OF PERSONAL SERVICES COORDINATION TEAM

The Personal Services Coordination (PSC) Team will oversee and coordinate the provision of diverse and comprehensive services and resources to homeless, mentally ill adults in the City and/or County of San Bernardino. This PSC Team will be highly mobile, community based, multidisciplinary and multicultural. This PSC Team will work

collaboratively with the Recovery Resource Center to serve this population. The PSC Team will be operational for a twelve (12) month period.

#### III. PERSONS TO BE SERVED

The target population to be served are adults who are mentally ill and who do not get treatment and frequently find them homeless, incarcerated or hospitalized. Included in this target population meeting the above criteria are adults, families, veterans and transitional age youth between 18-25 who are not able to fully function as adults because of their history in group homes, institutions and treatment. These mentally ill adults may not have accessed mental health services previously. The PSC Team will conduct outreach activities to seek out this population in the community.

#### IV. SERVICE PHILOSOPHY

The PSC Team will provide services using the Recovery, Wellness, and Discovery Model as described in Section I, above. Homeless adults with mental disorders are most likely to recover when they take an active role in their day-to-day affairs. Recovery also takes place when consumers utilize available community resources, such as the Personal Services Coordination Team.

#### V. DESCRIPTION OF SERVICES TO BE PROVIDED

The PSC Team will conduct outreach activities and collaborate with other existing agencies to seek out, identify and accept referrals of homeless mentally ill adults. The PSC Team will work in close collaboration with the Recovery Resource Center, the Department of Behavioral Health's (DBH) Homeless & Housing programs, as well as other community resources.

A. The PSC Team will provide services to 150 enrolled consumers. Enrollment in the program is not a prerequisite for receiving information and referral services. The PSC Team will be operational a minimum of five (5) days a week from 9 a.m. to 6 p.m. In addition, there must be 24 hours a day, 7 days a week emergency telephone coverage to assist mentally ill homeless adults in obtaining emergency shelter. Team members must be available by pager and respond to emergency

calls from law enforcement and mental health facilities after regular workday hours. This includes weekends and holidays.

- B. The PSC Team will be co-located at the Recovery Resource Center. The PSC Team will work collaboratively with the Recovery Resource Center to provide the services. Operational policies and procedures will be jointly developed and agreed upon between the PSC Team, the Recovery Resource Center and the DBH.
- C. The PSC Team will complete a personal service plan for each consumer; a mental health screening and an assessment (including medications and lab work as needed); physical health screening and assessment (including medications, injections, and/or inoculations and lab work as needed); mental and physical health education; referral to free medical and dental services along with assistance in completing paperwork, follow-up services and transportation; and alcohol and substance abuse services, along with referrals to peer support groups and emergency housing to include residential recovery services.
- D. The PSC Team will refer consumers to the DBH contracted Emergency Shelters, Safe Havens Facility and Transitional Living Facility. The PSC Team will assist with movement of consumers from shelters into independent living. These referrals will be coordinated with the DBH gatekeepers to these facilities.
- E. The PSC Team will provide referrals to community services; support and outreach services; application assistance to obtain necessary identification; application assistance to obtain benefits; benefits counseling for consumers seeking employment; application assistance for Department of Rehabilitation services; and referral to GAIN and One Stop Programs.

- G. The PSC Team will identify specific performance measures for evaluating the effectiveness of its outreach and extensive community mental health services to the homeless mentally ill. The PSC Team will utilize CAMINAR data retrieval software, DBH client tracking and billing software (SIMON) and any other relevant measures developed by DBH for this program.
- H. The Contractor will develop and implement a revenue generating plan that describes how the PSC Team will bill Medi-Cal for services provided in accordance with DBH Medi-Cal documentation standards.

#### **Outpatient Pre-Authorization Matrix**

One of the responsibilities of the local County Mental Health Department is to identify and treat priority target populations and to provide services to individuals who have a severe mental illness or serious emotional disturbance, "to the extent that resources are available". <sup>1</sup> A preauthorization matrix has been developed that delineates the nature of services that are to be delivered to these target populations. The matrix has several components composed of: a financial category, a diagnostic category of two types, GAF scores, and whether the consumer is an adult or a minor.

The preauthorization matrix was developed to identify all populations and establish treatment priorities and types (this takes into account both general effectiveness, cost efficiency, acuity, and risk), maximization of revenue or cost reductions, and an intention to provide some level of response, however minimal, to all groups. The pre-authorization matrix was developed to provide for an array of services the Contractor can make available to consumers. The purpose of TAR forms is to allow for those exceptional situations, through a formal process, that are high risk and require brief individual therapy or Intensive Day Treatment. Rehab/ADL services, assessments, evaluations, and case management are all services that are delivered to consumers individually within the framework of the matrix and do not require a TAR. In the case of intensive day treatment, which is offered and available, the State is requiring a TAR; however once approved individual services can be provided as part of the day treatment program. The response to the TAR by the Access Unit will provide the final administrative review. This process will replace the SPARS system.

On a practical level the matrix is to be used as a triage tool used by clinical staff in the process of assessing consumers and determining what services are to be delivered to consumers as they enter the system. This serves to facilitate what services can be offered and the development of treatment plans with consumers by considering all relevant factors.

In addition, the matrix is a tool to provide guidance in assessing the services provided to existing consumers. Clinic Supervisors and lead clinical staff will use the matrix to work with service staff to review caseload compliance with the matrix. It is important to note that this matrix puts into form the substance of DBH's policy on priority populations and services that can be provided. Any questions or issues can be addressed to the immediate supervisor or to the Access Unit.

<sup>&</sup>lt;sup>1</sup> The Bronzan-McCorquodale Act 1991

DBH and Contractor staff agree to work cooperatively to target support services to those consumers who are:

- 1. Severely and persistently mentally ill adults;
- 2. Those recently discharged from an acute care hospital;
- 3. Children who have severe emotional or behavioral problems and substantial impairment in functioning.

DBH will closely monitor the impact of these efforts to accommodate budget constraints.

NOTES: (1) If services not pre-authorized by this Guide are needed for a particular client, a TAR must be individually submitted by the clinic supervisor to the Access Unit for approval; however, clients eligible for grant-funded services will receive services as specified by the grant. (2) TBS services must always be pre-authorized by CSOC. (3) Any self-declared crisis will be seen and evaluated regardless of other factors.
